

Information about Petar S. Kenderov

1. Personal Data

Name: Petar Stoyanov Kenderov
Place of birth: Pazardzhik, Bulgaria
Date of birth: April 5, 1943
Sex: Male
Mailing address: Institute of Mathematics and Informatics (IMI),
Bulgarian Academy of Sciences (BAS)
Acad. G. Bonchev – Street, Block 8,
1113 Sofia, Bulgaria
fax +359-2-971-3649 , tel. +359-2-713-2881 , +359-2-73-2670 (office)
tel. +359-2-77-9166 (home), email: kenderovp@cc.bas.bg

2. Education and Scientific Degrees

Secondary school completed in Pazardzhik, Bulgaria, in 1960.
1960 -1963 student at the Mathematics Department of Sofia University;
1963 – 1966 student at “Mekh-Math”, the Mechanics-Mathematics Department of Moscow State University (obtained MS degree);
1967 – 1970 Ph.D. student at the same University (obtained Ph.D. degree);
1983 – Doctor of Sciences (second doctoral degree), Sofia.

3. Working and Social Experience

Since 1970 working for the Institute of Mathematics and Informatics, Bulgarian Academy of Sciences. Research interests - in the field of Topology, Functional Analysis, Geometry of Banach spaces, Convexity, Optimization and Game Theory.
In 1976 and 1977 coached the Bulgarian Team in IMO, the International Mathematics Olympiad and till 1988 chaired the National Commission for Mathematics Competitions. Since then never lost connection with the activities in Bulgaria oriented to identification, motivation and development of young people with higher abilities and talent in Mathematics and Informatics. In 1988 coordinated at ICME (Budapest) the Topic Area “Higher ability students”. In 1989 chaired the International Jury and the Organizing Committee of the first International Olympiad in Informatics for secondary school students (Pravets, Bulgaria). In 1994 (again in Pravets, Bulgaria) chaired the Organizing Committee of the Conference of the World Federation of National Mathematics Competitions (WFNMC see www.amt.canberra.edu.au/wfnmc.html). Since 1986 involved with the activities of the International Foundation “St. Cyril and St. Methodius” which supports talent and academic achievements (not only in mathematics, see www.cmfnf.org) .

Present positions:

1. Professor at the Institute of Mathematics and Informatics, Bulgarian Academy of Sciences.
2. President of Higher Attestation Commission, Council of Ministers, Republic of Bulgaria.
3. President of the International Foundation “St. Cyril and St Methodius”.
4. President of the World Federation of National Mathematics Competitions

4. Publications related to the work with higher ability students

a) Books

Bulgarian Olympiads in Mathematics,
Publishing House "Narodna Prosveta", 1990, Sofia
(in Bulgarian, coauthor J. Tabov)

Convex sets, Publishing House "Narodna Prosveta", 1985, Sofia
(in Bulgarian)

International Mathematical Olympiads, Publishing House "Narodna Prosveta", 1981, Sofia
(in Bulgarian, coauthors P. Dimitrova and D. Serafimov)

b) Articles

Dynamical Systems generated by convex sets, Library "Znanie",
Federation for Dissemination of Knowledge, Fact, Issue 1, 2000, p. 92-96 (in Bulgarian)

Theorem of Helly for convex sets, Library "Znanie", Federation for dissemination of knowledge,
Brochure "F-ton", 1999, p. 13-19 (in Bulgarian)

Mathematics Competitions - Giving Marks and Comparison of the
results, Mathematics Competitions, Journal of the World Federation of
National Mathematics Competitions, v. 3, No 1, 1990, p. 57-60 (in English, coauthor J. Tabov)

Proceedings of the International Olympiad in Informatics,
Union of Bulgarian Mathematicians, 1989 (in English, coauthor N. M. Maneva)

Fractal sets, Education in Mathematics, Issue 5, 1987, p.11-15 (in Bulgarian, coauthor V. Matov)

Recursive sequences of numbers, Mathematica Journal, Issue 8, 1987, p. 11-16
(in Bulgarian, coauthor V. Matov)

Students of High Ability in Mathematics and Informatics,
Informatics and the Teaching of Mathematics, edited by D. Johnson and
F. Lovis, Elsevier Science Publishers B.V. (North-Holland) IFIP, 1987,
117-123 (in English)

The Mathematics Competition Scene in Bulgaria,
The Newsletters of the World Federation of National Mathematics Competition,
No 4, August 1986, p. 7-9 (in English, coauthor J. Tabov)

Twierdzenia Holditcha, Delta, Popularny miesiecznik Matematyczno-Fizyczno-Astronomiczny,
No 8(128), 1984, p. 6-7 (in Polish, coauthor K. Kolarov)

On a theorem of Holditch, Mathematica Journal, Issue 7, 1983, p. 6-10

(in Bulgarian, coauthor K. Kolarov)

Extracurricular work in mathematics with the secondary school students in Bulgaria,
Mathematics and Education in Mathematics, Proceedings of the 10th Spring conference of the
Union of Bulgarian Mathematicians, 1981, p. 424-425 (in Bulgarian)

The influence of the mathematical olympiad on the mathematics education
in the Bulgarian secondary school, L'Enseignement Mathématique Belgrade,
IV(XXVI), Issue 3, 1977, p. 43-47
(in Serbian, Russian summary, coauthor D. Serafimov)

Nineteenth International Olympiad in Mathematics,
Mathematica Journal, Issue 5, 1977, p. 31-34 (in Bulgarian, coauthor D. Serafimov)

Eighteenth International Olympiad for school students,
Physics and Mathematics Journal, Publishing House of the Bulgarian Academy of
Sciences, v. 20(53), No 1,(1977), p. 84-86 (in Bulgarian, coauthor D. Serafimov)
