

Margo Kondratieva,

PhD (in Math. Physics, 1993)

Current Academic Affiliation:

Assistant Professor
Department of Mathematics and Statistics
Memorial University of Newfoundland (MUN)
St. John's Canada A1C 5S7
Phone: (709) 737-8074
Fax: (709) 737-3010
e-mail: mkondra@math.mun.ca
web-page: <http://www.math.mun.ca/mkondra>

Publications and activities pertinent to the theme of the Study

Topics of Pedagogical Interest:

- Psychology of mathematical thinking and learning.
 - Problem solving: understanding, intuition, rigor, memory.
 - Assessment as a tool for teaching and learning.
 - Web-communication and mathematical perception.

Activities:

- Supervision of a master thesis *Implementing problem solving in mathematical classroom*, MUN 2005.
- Talk on *Mathematical Paradoxes* given at Blunden Seminar for High School Students, MUN 2005.
- Member of High School Competition Committee, MUN, 2004-2005.
- Member of Undergraduate Math. Competition Committee, MUN, 2002-2005.
- Coach of team of students participating in Canadian APICS mathematics competitions, MUN, 2003-2005.
- Secretary of the Mathematical Education Council, Moscow Institute of Electronics and Mathematics, 1996 - 1997.
- Coach of team of students participating in the European Congress of Young Mathematicians (Miskolc, Hungary, Jul. 1996).

Publications

1. M.F. Kondratieva. Oral exams as a tool for teaching and assessment. in: *Proceedings of the XXVI Annual Meeting, North American Chapter of the International Group for the Psychology of Mathematics Education*, 2004 (Editors: D.E. McDougall, J.A. Ross) vol 1, p.358.
2. M.F. Kondratieva. The conversational component: a ten minute exam. *Instructional Development* University of Minnesota-Duluth, vol XVIII, No 1, (2001)
3. Nighswander-Rempel, M.F. Kondratieva. *Resources for teaching in the disciplines: Resource Manual for Instructors in Mathematics*. Monograph 3, Edited by D.W. Bowers, D.J. Schonwetter, University Teaching Services, University of Manitoba (2004)
