

Valentina Gogovska, student of postgraduate study at Institute of Mathematics, Faculty of Natural science, University "Ss. Cyril and Methodius"-Skopje

I was born on 15.06.1973 god. in Tetovo. I graduate on 11.01.1996.

First working experience in gymnasium Cyril Pej~novi}.

I became employ of Mathematics Institute on 1.11.1996 and postgraduate student at the same Institute too. Present position- Younger teaching and researching assistant:

I have had teaching exercise of subjects

- Linear Algebra,
- Trigonometry,
- Mathematics 2
- Mathematics 1 and Mathematics 2 (for physicists),
- Number theory,
- Methodic of math teaching,
- Practical courses in secondary school with the next math teacher

Until now I public:

1. Trigonometry of forms, Annual bulletin faculty of natural science 96,
 2. Trigonometric method for min and max , II Congress of mathematics and Informatics, Ohrid 28.09-1.10.2000 god, public in Sigma 3/2000
 3. Using means inequality for getting structural mathematical knowledge, Proceeding of Third International conferences 3-9.08.2003. Ruse, Bulgaria (electronic version)
 4. The role of educational methods in teaching of gifted and talented students, Proceeding of Tenth International conference for mathematics education, 4-11.07.2004 god., Copenhagen, Denmark,
 5. Linking researching and teaching, International conference Blagoevgrad 9-12.06.2005
 6. Mathematics-teaching subject ,34 -ta Proletna konferencija, 6-9.04.2005 god., Borovec, Bugarija
 7. Integration of mathematics curriculum, challenge for contemporary mathematics- International Conference in Svi{tov, Bugarija, 3-5.06.2005 godina
 8. Proof and proving in mathematical clsroom, konferencija na AMS,DMV i OEA, Mainz, Germanija, 16-19.06.2005 god.
- Nacional seminar for math education held from 30-02.10.2004 god., Jondola-Bugarija with oral presentation: The role of learning Methods in mathematics teaching

I' m member of the national commission for mathematics competition for secondary school and work with talented students during their preparation for Olimpiad.
